Minister's Message - Someone is Watching

When my children were small, my mother sent a toy to them. The toys were to protect from being kidnapped.

I understood that there were many kidnapping incidents in Japan. I thought that it was the same here in America. When I went shopping at Walmart, I noticed many posters for young people who were missing.

In Japan, there are many technologies to protect a person from being kidnapped. As an example, most Japanese children have cell phones with GPS installed. Their parents know exactly where their children are.

There were kidnappings from long ago, but it was not as often as it is now. I think the main reason was that everyone was watching out for each other. Today, especially in the cities, nobody knows who is living next door. They do not show an interest in their neighbors, because they are too busy. This is one reason why crime is increasing.

Let me share a story with you.

The man's name was Dharmanichanda, a hard-working man. One day when he came back home, he noticed that he did not have enough rice to have his dinner in his storeroom. So, he asked next door to his neighbor, Ganzzi, "Could you give me ten pounds of rice? I will surely return the rice some day."

Ganzzi was eating dinner, but he accepted his request readily and he passed the storeroom key to Dharmanichanda. After a while, Ganzzi started to doubt Dharmanichanda's honesty. He might take more than ten pounds of rice. So, he went to his storeroom, hid behind a box, and watched Dharmanichanda. He heard Dharmanichanda says "Someone is watching me."

Ganzzi was surprised that Dharmanichanda had noticed him. Ganzzi went back to his home in a hurry and pretended to have his dinner. When Dharmanichanda was going home, Ganzzi stopped him and said that he heard Dharmanichanda say "Someone is watching me. Someone is watching me. Did you notice that I was watching you?"

Dharmanichanda responded "No".

Ganzzi inquired "Why did you say such words?"

Dhamanichanda laughed and answered. "I said that to myself, because if I did not say those words, I might take more than ten pounds of rice. That is why I was saying that someone was watching me. I meant **Buddha** was watching me."

Do you remember I once talked about your thumb? We call the thumb Öya-Yubi." Only the thumb faces the other fingers. That means Oya is always watching the child. Japanese people also call Amida Buddha, Oya-Sama.

If we think that someone is watching us, we will never do a bad thing. We can feel relieved that someone or Amida Buddha is always watching us wherever we are. That means we are always with Amida Buddha. Please think about this. If this thought spreads to the world, we could welcome true peace.

President's Report

Halloween is approaching. The Oahu District Halloween event is on Saturday, October 21st at Leilehua High School and Wahiawa Hongwanji. There will be activities and games, pumpkins for families, and free bentos for member participants! This was a joint event with Leilehua High School

Ho'ala School had a very successful Craft fair event with over twenty-five vendors participating. They had many activities for children including a petting zoo, bouncy houses, and games.. Everyone appeared to be having a great time!

The Annual Minister Lay Assistant Retreat was held on October 7th and 8th. Wahiawa was well represented with Sensei as an instructor, Lillian Lee, and Rod Moriyama as participants. It was an amazing weekend of learning how to conduct services, the proper rituals, and chanting. I've attended this retreat before but one always learns more each time. It reminded me of any martial arts training or instrument training. The more you practice, the more you learn. Despite the relatively long periods...12 hours on Saturday, and 7 hours on Sunday...the time moved quickly. We met and learned so much from each other.

Our ongoing challenges include treating the buildings for termites (over \$53,000), replacing the roof of the Bonsho (\$10,000), and looking to make better use of our facilities including our certified kitchen.

Thanks to everyone who overwhelmingly supported our Zippy's Ticket sales. We made our target of 600 tickets sold of which \$2700.00 was donated back to Wahiawa Hongwanji. At last count, our Give Aloha program with Foodland totaled \$594.00! Thank you! Thank you!

On November 12th at 9:00 AM, we will be having our Annual Memorial (Eitaikyo) Service. Bishop Toshiyuki Umitani will be our guest speaker. This special service pays homage to all who passed before us. Families gather to express their gratitude to their parents, grandparents, siblings, and friends. As an investment into the future of Wahiawa Hongwanji, an Eitaikyo Endowment Fund was created. Donations into this fund are set aside for temple maintenance and emergencies. Only the interest from the investments is used. We are on target to reach our \$1 million goal by 2028, our 120th anniversary. Thank you for your continued support!

Nominations are now open for the board of directors for 2024. Many institutions were hit by COVID closings and getting back to speed will require a concerted effort on everyone's part. Broadening our board with members with fresh ideas, contacts in the community, and business skills is needed to ensure the viability of the Hongwanji. If you are interested in being a board member, think about how you'd like to lead the temple into the future. It should coincide with your vision of contributing and sustaining a meaningful life for you, your family, and the members.

In gassho (gratitude),

Rodney S. Moriyama, President
